

A narrow, sun-dappled street in Provence. On the left, a stone building features a window with black metal bars. A large, leafy tree stands in front of the building. The street is paved and leads into the distance, flanked by more buildings and lush greenery. The overall atmosphere is peaceful and scenic.

**Discover Enchanting Provence in October**

October is a beautiful time to visit the South of France. Misty, cool mornings are great for walking. One such morning was pure Provençal magic when the trees were adorned in bright autumn colours reflected in the canal against a clear sky.

Autumn rains can be heavy, dropping the snails to the ground (see "Small's Pace") after they spent the summer perched above the snail garden.

With the grape harvest finished and fermentation and blending under way, it's time to start thinking about the wine of the future.

“There are not many places one can dream and wonder about Provence with the correct set of inspirational information. Perfectly Provence is one of our Domaine’s favorite go-to places when it comes to discovering the treasures of our region, and we couldn’t be more excited and proud to be part of their article about boutique hotels in Provence. Thanks to their words, people had a chance to get to know our passion for hospitality, and all key elements that we work so hard to make it shine, allowing guests to collect singular souvenirs.

Thank you, Perfectly Provence!”

“We have a been advertising with Perfectly Provence for just over 2 years and we are extremely pleased with their website, their newsletter, and the excellent clientele they attract to our business. Their clientele are the kinds of clients we have dedicated ourselves to attracting over the 18 years we have been in business. Our motto has always been “your home away from home” as we want to attract people who are interested in living our lifestyle, becoming integrated into our village and the surrounding areas, and returning regularly, if not every year. And the enquiries we get from Perfectly Provence are those kinds of people. We also appreciate the superb quality of their website and newsletters which continually add interesting content and thereby attract people and keep engagement exciting. We look forward to a continued collaboration over the years ahead.

Thank you for your excellent offering.”

« Nous travaillons avec Perfectly Provence depuis deux ans maintenant et nous apprécions le travail fait ensemble et les échanges que nous avons avec Carolyne. Le site Perfectly Provence présente de façon organisée les différentes structures qui proposent des hébergements en Provence. Notre chambre d'hôtes Fontaine des Magnanelles, dans le Vaucluse y est donc référencée avec un lien direct vers notre site Internet, ce qui nous permet d'augmenter nos backlinks de qualité, visualisables dans les sites référents analysés par Google Analytics.

Nous échangeons tous les ans avec Carolyne sur le texte et les photos à diffuser sur le site. La réactivité de Carolyne est très appréciable car les modifications sont faites rapidement.

En plus de la diffusion sur le site de Perfectly Provence, Carolyne diffuse une Newsletter mensuelle, extrêmement bien documentée sur la Provence. Etant moi-même née en Provence, j'apprends souvent plein de choses sur des sujets bien traités, agréables à lire et joliment illustrés. Dans chaque Newsletter, un hébergement partenaire est présenté également.

La diffusion qu'assure Carolyne sur l'Amérique du Nord complète nos autres présences en ligne et a contribué à l'acquisition de réservations de Canadiens cette année, qui ont été ravis de séjourner chez nous par cette mise en relation via Perfectly Provence.

Nous souhaitons continuer notre partenariat et disons Bravo à Carolyne pour son travail de qualité. »
